

**The International Circle of Educational
Institutes for Graphic Arts,
Technology and Management**

**international
circle**

better known as
The International Circle (IC) is:

- A free and feeless association of institutions with educational and research aims in the field of visual media.
- A platform for the exchange of knowledge and project ideas.
- Your starting point for meeting educational institutions, printing and publishing businesses, suppliers and organizations.
- An opportunity for mobility and cooperative relationships between educators and students.
- An organiser of annual conferences and a scientific periodical: the IC Journal.
