

Factsheet

Our team

- Niklas Gerstner, MI - 8th Semester
- Lukas Maute, MI - 6th Semester
- Samira Seckner, CSM - 2nd Semester
- Nadine Weber, CSM - 2nd Semester

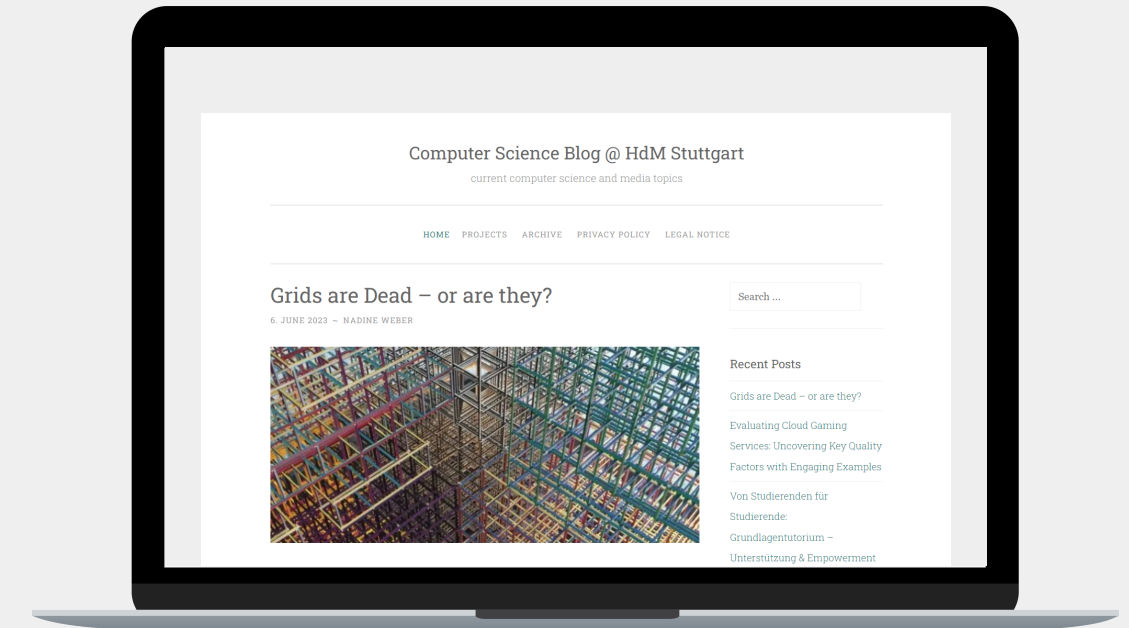

Supervisor: Prof. Walter Kriha

About the Computer Science Blog

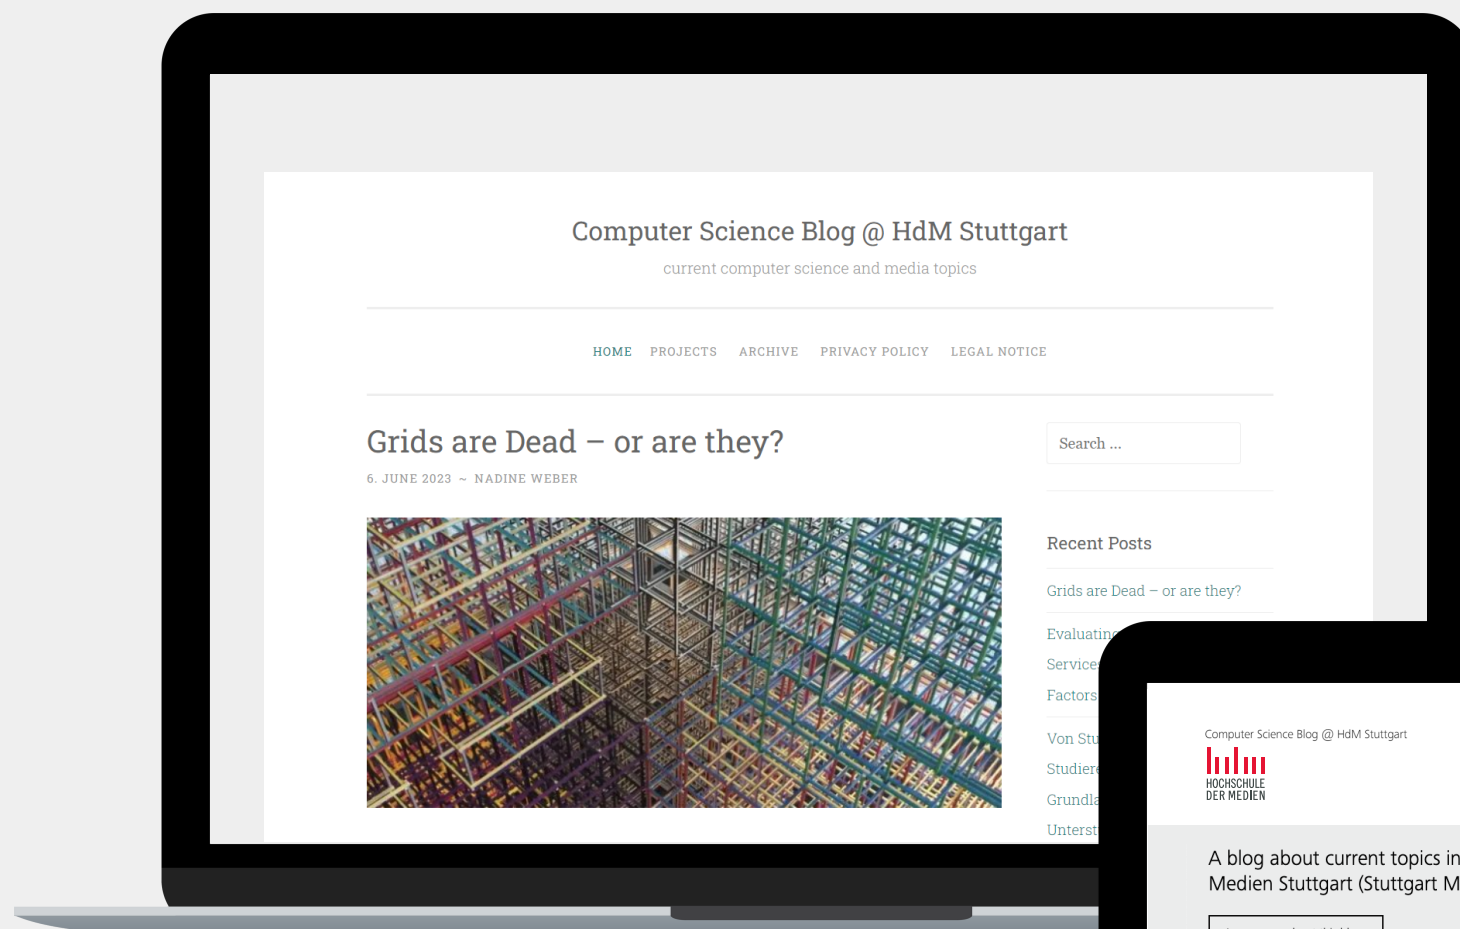

- Content created by MI/MM/CSM students
- Publication of interesting and well-written posts each semester
- Posts are also read by external people

Main Problems

- Bad information architecture
 - Unintuitive user interface
 - Security and data protection concerns
 - High maintenance effort for creating accounts
- Overall poor user experience

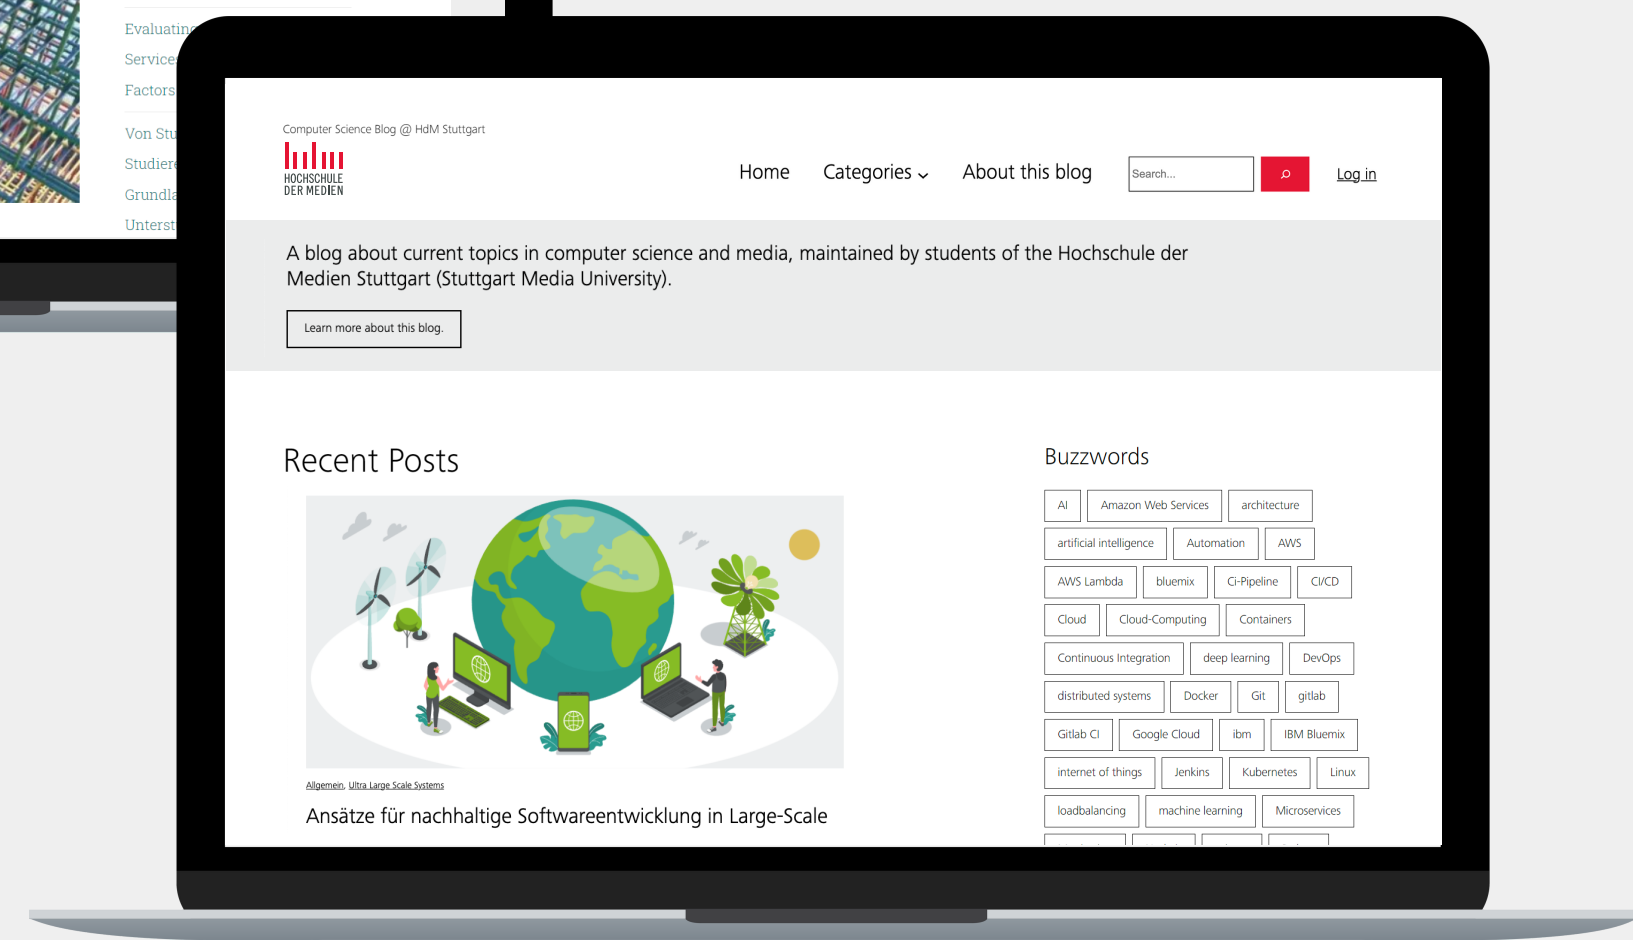

Project goal: Redesign of the blog! »

What we've achieved

- 01** Survey about the blog to identify / validate problems
- 02** New information architecture by reorganization of categories
- 03** New web design with a better user interface
- 04** General overhaul of technical and legal aspects
- 05** LDAP integration

What 's yet to come?

- 06** Blog feed integration on the MI/MM/CSM website
